# NEC MultiSync® E505

**Order Code: 60003727**     **NEC LCD 50″ Entry Level Large Format Display**

SPDIF Out                                    PC IN (VGA/AUDIO)

COMPONENT/AV IN

RS-232C

USB          HDMI
The NEC MultiSync E505 succeeds in balancing impressive visual performance with a budget-oriented large format presentation without compromise. The model captures attention via eye-pleasing image quality for ergonomic viewing and versatile digital connectivity optimized to the needs of corporate and signage applications.

Thanks to latest LED backlight technology, the display features an amazingly low TCO and maintenance-free operation. Packed with integrated features like USB media player, speakers and scheduling function, E-Series models are also qualified for standalone applications in public environments.

This display is ideal for corporate conferencing and education usage as well as digital signage applications in museums, hospitality and retail environments with operating hours limited to 12/ 7.

**FULL HD 1080p**

**LED Backlit LCD**

## BENEFITS

**Reduced Installation and Operating Costs -** featuring LED backlight technology the display is highly energy efficient with a low power consumption, longer backlight lifetime and a lighter design for easy and flexible transportation, mounting and integration.

**Slim Design and Integrated Speakers -** the aesthetic design is pleasing to the eye and enables easy, low cost installation.

**Effortless content playback -** the integrated USB media player supports various image video file formats for effortless and standalone content playback.

**Future Ready Connectivity -** featuring multiple industry standard digital and analogue signal inputs for flexible integration into AV infrastructures.

**Professional integration -** enriched with essential RS232 functionality, IR and button lock out as well as digital audio output S/PDIF, the display can easily be integrated into professional applications in public environments.

**Standalone operation -** the display is designed for straightforward standalone operation due to integrated USB media player, speakers and scheduling functionality.
