

ŘEZ JEDNOTKOU PRO SÁL

ŘEZ JEDNOTKOU PRO RESTAURACI

This architectural cross-section illustrates the mechanical and structural layout of a restaurant unit. The drawing includes the following details:

- Roof Structure:** A gabled roof with a central ridge and a small cupola on top. The roof truss system is shown with triangular bracing.
- Mechanical Equipment:** A large, complex duct system is located on the left side, featuring multiple turns and rectangular duct sections labeled with dimensions: 500x500, 500x700, 500x500, and 400x600. A circular fan or filter unit is also depicted within the ductwork.
- Structural Elements:** The building has a multi-level structure. Key levels are indicated by elevation markers: +3.450 (upper floor/ceiling), +3.350 (intermediate floor), +3.200 (lower floor), +1.125 (ground level), and ±0.000 (base level).
- Stairs:** Staircases are shown on both the left and right sides of the unit, connecting the ground level to the upper floors.
- Windows and Doors:** Large windows are visible on the upper floor, and doors are shown at the ground level.
- Technical Annotations:** Two circular openings in the roof are labeled with their diameter and airflow rate: $\varnothing 250$ and $+825\text{m}^3/\text{h}$.
